April 14, 2010 | History. An edition of The economic policy of Colbert (1899). The economic policy of Colbert. by A. J. Sargent. 0 Ratings. Colbert believed in the theory of Mercantilism. To prevent wealth from leaving the country, Colbert tried to make France self-sufficient. What was the result of the War of the Spanish Succession? It was caused by the power of the French Bourbons as they are in a throne. Positive: France become more powerful Protect France's industry Create more goods Strengthened the colonies Become more wealthy by trades Negative: His policy of war affects the economy. He was involved in numerous wars throughout his reign. These were very expensive. He greatly taxed the peasants and farmers instead of the noble class which was tax-exempt. These heavy taxes lead to economic problems and poverty of France. To what extent did anti-Protestantism contribute to Louis's downfall?
