

Deep Water Death; Glynn Marsh Alam; 9780970504913; 301 pages; 2001; Memento Mori Mysteries, 2001

Deep Water Death was worth the wait. This is a woman whose feistiness and spirit I love who finds herself in the midst of quite a mystery (and some interesting personal issues, as well). The book comes through with the colorful denizens (human and non-) of north Florida swamp country. DEEP WATER DEATH was an interesting book, it had a lot of twists, it was a mystery that you could figure out fairly early in the book. It would be a good vacation book, where you could put down and pick up again. I bought it from Amazon, I love their huge selection of books, and fast delivery ! Death in deep water. Aristotle Socarides Series: Book 3. PAUL KEMPRECOS. Chapter 1. In the liquid emerald coolness, the predator waited. Terrible in its deadly beauty, the twenty-five-foot-long body glided through the water, propelled by lazy sweeps of its spade-shaped flukes. Slowly, almost lethargically, it cruised in wide leisurely circles, steering into turns with its paddle-shaped pectoral fins, slicing the water with its tall dorsal. The easy movements were deceiving, for no sea creature was faster, none could be more ferocious. Shaped by a harsh and demanding environment, it was a texts. Deep water death. by. Alam, Glynn Marsh, 1943 IN COLLECTIONS. Books to Borrow. Books for People with Print Disabilities. Internet Archive Books. Scanned in China. Uploaded by Lotu Tii on May 29, 2013.
