The author of this book is affiliated with the Center for Development and Socialization of the Max Planck Institute for Human Development and Education in Berlin and heads its program on culture and cognition which devotes its labors to the reconstruction of scientific concepts through history in a perspective of what might be called "historical epistemology." ABS1RACTION And representation. Boston studies in the philosophy of science. Editor ROBERT S. COHEN, Boston University. We hope the volume will convincingly demonstrate both the commanding conceptual framework of the author and the rich materials on which he draws to construct his historical epistemology. A few remarks may be needed to explain the composition of this book. Apportionment (Election law) -- United States -- States, Representative government and representation -- United States -- States. American Constitutional Law: Volume 1 Governmental Powers and Democracy, newly revised by Donald P. Kommers, John E. Finn, and Gary J. Jacobsohn, is a casebook made for such an inquiry. True to the liberal arts tradition from which it emerges, it goes beyond the facts and rulings of the great cases in American constitutional law to engage important issues of political theory and the nature of our constitutional democracy. A course on constitutional law and civil liberties can be and is nothing less than an extended inquiry into the meaning of America. American Constitutional Law: Volume 1 Governmental Powers and Democracy, newly revised by Donald P. Kommers, John E. Finn, and Gary J. Jacobsohn, is a casebook made for such an inquiry. This is a collection of a series of reading notes as I work my way through Mao's book, Five Essays on Philosophy. Some of this will expand upon material I've touched on in my article, Some Points on Stalin (and Mao). As I work through the book, I'll add to this as time goes on. I'm doing this for Mao Zedong's Five Essays on Philosophy: Reading Notes. Posted on October 26, 2008 | 4 Comments.
