My Prince by Alyloony. For starters, I'm not really a fan of action and adventure type of book but I read this because I met someone who's willing to read it with me. + I got interested with the flow of the story because it's something that you will not hear about everyday. The plot of the story for me is new and fresh that's why it's interesting for me to read. However, as events passed by it kinda gets boring because the same things keep on happening.
