Why the Best Man profiles 14 women, each of whom has risen to CEO status in a variety of industries: TV, advertising, technology, consulting, energy, banking, travel, food and software. The book is organized according to leadership attributes these women have in common. The women profiled in Why the Best Man exhibited confidence and an intense drive to succeed at an early age. Their determination to excel and the perseverance they demonstrated throughout their lives were nurtured in their families. The dichotomy in the book is whether or not feminine qualities in leadership are the ticket to today's upper management, or is displaying qualities traditionally found to be common to successful people more important? What are the qualities of a good manager? are women better leaders We can, first of all, notice that there is no sexism because the job of a manager is, above all, based on the skills, experience, and personality of the latter. Then a good manager must possess certain qualities. are women better leaders He must be faithful to his subordinates. A good leader must, therefore, be optimistic so that his collaborators can trust him. Are the male and female management styles the same? Men and women have very different personalities and ways of working. To begin with, we can say that male behavior would lie on the accomplishment of tasks, structure, power, career, higher emotional control, and a more strategic vision of work. Better World Books. DOWNLOAD OPTIONS. download 1 file. Women are exceptionally good at these skills. Women tend to understand the importance of listening and taking in the nuances. They excel at encouraging others, and many female managers understand the importance of maintaining a positive tone in the workplace. This is a little controversial, but, some of the qualities female managers possess, while intrinsically good, can inhibit their own career advancement and that of their direct reports. Women tend to work hard and long hours, keeping their heads down. They tend to veer into perfectionism at times, which can negatively impact their careers. Our global economy will only benefit from gender parity and an increase in female management and leadership.
