Handbook of Social Choice and Welfare, Vol. II (Amsterdam: North-Holland, 2011), ch. 15, pp. 47â€¹151. - âœœOn Welfare Economics with Incomplete Information and the Social Value of Public Information,â€ Stanfurd University, Institute of Mathematical Studies in the Social Sciences, Economics Technical Report No. 332 (1981). [Back to List of Topics](#). [Back to Peter Hammond home page](#). The literature of social choice investigates individual and societal preferences as well as a collective rationality by drawing on a combination of economic theory, philosophical perspectives, and historical records. This volume, edited by the leaders of social choice theory, presents broad yet detailed examinations of its antecedents, its growth and increasing sophistication, and its potential paths of future development. - Its contributors record the controversies, the breakthrough concepts, the inherent tension between public welfare and individual rights, and the limitations of their tools. A volume without peers, this collection of original essays captures the infinite variety of responses to this challenging economic domain. About the Author. (). Handbook of Social Choice and Welfare, vol 2. Edited by Kenneth Arrow, A. K. Sen and K. Suzumura. This site is part of RePEc and all the data displayed here is part of the RePEc data set. Is your work missing from RePEc? [Social Choice and Welfare explores all aspects, both normative and positive, of welfare economics, collective choice, and strategic interaction](#). Topics include but are not limited to: preference aggregation, welfare criteria, fairness, justice and equity, rights, inequality - As such, the journal is inter-disciplinary and cuts across the boundaries of economics, political science, philosophy, and mathematics. Articles on choice and order theory that include results that can be applied to the above topics are also included in the journal. While it emphasizes theory, the journal also publishes empirical work in the subject area reflecting cross-fertilizing between theoretical and empirical research. Readers will find original research articles, surveys, and book reviews. Officially cited as: Soc Choice Welf. Other books in this series. 24% off. Handbook of Game Theory: Volume 4. Petyon Young. 05 Sep 2014. - "Social choice theory has produced some of the most powerful (and beautiful) findings in theoretical social science. This long-awaited volume will be a valuable resource to both students and scholars interested in exploring this important field." - Eric Maskin, Nobel Laureate in Economics show more. Review quote. - "This much awaited volume provides authoritative surveys of some of the most important aspects of the theory of social choice and welfare economics. It will be a highly valuable resource for scholars interested in this area." - Prasanta K. Pattanaik, University of California, Riverside.
