2012 is a 2009 American science-fiction, apocalyptic, disaster film directed and co-written by Roland Emmerich. The film is about a global cataclysmic event that is bringing an end to the world in the year 2012 and tells the heroic struggle of the survivors. The film contains references to the Mayanism, the Mayan Long-Count calendar and the 2012 phenomenon. 2012 is a 2009 Disaster Movie based on the prediction that the world would end on December 21st, 2012. This prediction is itself based on the fact that the "In 2012, as it had been since 2008, the USS John F Kennedy (CV-67) was berthed at NISMF Philadelphia. For a wave to scoop it up from Philly, haul it out to the ocean, then bring it back in on its collision course with Danny Glover is an extreme stretch. Geology Title: 2012 (2009). 5,8/10. Want to share IMDb's rating on your own site? Anybody going to this movie to learn about the Mayan prophecies for 2012 or for any true science, is going to be sadly disappointed. But, that is not why we go to movies anyway, is it? That is like going to see Godzilla expecting to learn something about giant lizards that vomit radioactive spray. 2012 - Konec sveta, 2012 - Das Ende der Welt, 2012 - Wir waren gewarnt, 2012 - Fomos Avisados, 2012 (2009). Genres. science fiction adventure action. Excusing the stupidity of the premise, 2012 is a gripping, incredibly entertaining, good looking, and competently structured blockbuster that surprisingly takes many risks with the lives of its characters. "2012," the mother of all disaster movies (and the father, and the extended family) spends half an hour on ominous set-up scenes (scientists warn, strange events occur, prophets rant and of course a family is introduced) and then unleashes two hours of cataclysmic special events hammering the Earth relentlessly. This is fun. "2012" delivers what it promises, and since no sentient being will buy a ticket expecting anything else, it will be, for its audiences, one of the most satisfactory films of the year. It even has real actors in it.
