World news. UK news. Environment. Steele was just 17 years old in June 2010 when he was brought to Rikers Island, arguably America's most notorious jail and the nation's largest penal colony. He had been arrested for his involvement in a fight and had no means to pay an assigned \$85,000 bail. He spent three years at Rikers awaiting trial, 13 months of that in solitary confinement. On March 31 2017, just two days before the release of a damning report on Rikers from the independent Lippman Commission, De Blasio promised to close Rikers Island within a decade. The timeline was ambitious and details vague. Follow Guardian Cities on Twitter, Facebook and Instagram to join the discussion, catch up on our best stories or sign up for our weekly newsletter. Topics. But inside the thick concrete walls of Rikers Island, the number of slashings, stabbings and assaults - the ones that have been reported - have multiplied. When correction officers and inmates are asked to explain the bloodshed, the replies from one side are the mirror image of those from the other. Each side says the other is younger, more aggressive, less respectful. But both inmates and officers also lay blame on their own. Geographic Name: Rikers Island (N.Y.)
