Only Available in Archive Formats. 5.0 out of 5 stars Exposes Oily Politicians, War Profiteers and the Media that keeps the lid on what harm they do to us and our nation. Reviewed in the United States on January 6, 2018. Verified Purchase. In Exception to the Rulers Amy Goodman helps us to do just that by exposing the power elite's unholy alliance with corporate media and making the case for independent media of which she is a major proponent and practitioner in her role as host of Democracy Now. The Exception to the Rulers is divided into 18 chapters and an introduction entitled "The Silenced Majority," in which Goodman describes the responsibility of a journalist as "going to where the silence is: giving voice to the forgotten, forsaken, and beaten down by the powerful." On subjects ranging from the deceptions of the George H. W. Bush administration to the corruption of media monopolies and corporate influence over the government, Amy Goodman attacks and exposes the lies and hypocrisy that put democracy at risk. Goodman has traveled the world reporting and speaking out in defense of human rights and offers no apologies for her advocacy. At lectures, rallies, and other public appearances, thousands turn out to hear her speak the truth. Now, in her first book, she offers her no-holds-barred perspective on world events.
