I didn't waste time thinking about the future until the night the slugs abducted me and told me the world was going to end. I'm not insane. As human beings, we're born believing that we are the apex of creation, that we are invincible, that no problem exists that we cannot solve. But we inevitably die with all our beliefs broken. My throat was scratchy. We Are the Ants book. Read 5,755 reviews from the world's largest community for readers. From the author of The Five Stages of Andrew Brawley comes a bra... Because we are the ants, and we'll keep marching on. When people used to say to me what do you want to be when you grow up? I'd ALWAYS say astronaut. In fact, I still want to be an astronaut .. I just don't think I will be (unfortunately it turns out getting to space involves a shit ton of MATH and I don't do math very well.) But the point stands I am absolutely a SLUT for space. What can I say, stars are pretty, planets intrigue me and I want to meet some aliens (and yes aliens are real, you can't tell me in a universe of 60 trillion planets there aren't some
