Life Cycles introduces students to a variety of life cycles, including frogs, elephants, humans, insects, and giant sequoias. The book can also be used to teach students how to compare and contrast as well as identify plural nouns. Book Resources. Single-Sided Book PDF. Projectable. Double-Sided Book PDF. Pocketbook PDF. More Languages. This stunning illustrated children's book takes an innovative look at the circle of life, including animals, dinosaurs, stars, volcanoes, and even YOU. Everything has a beginning and an end, but what happens in between? Follow the migration of zebra across the vast plains, meet penguins guarding their eggs on the ice, and watch butterflies emerge from their cocoons. Shoot back in time 4.5 billion years to see how planet Earth was formed and then leap into the future to see what happens when stars die.
