The Intermediate Licence Manual contains all of the information required for those seeking to upgrade their Foundation callsign. Designed to cover all elements of the Amateur Radio Intermediate licence syllabus, this second RSGB course-book The Intermediate Licence Manual is written in an easy to understand style. The new material that was originally in the Full licence syllabus is all included along with updated sections that now cover new topics such as software defined radio. Broken down into familiar chapters such as Licence Conditions, Basic Electronics, Transmitters & Receivers and A Choose books together. Track your books. Bring your club to Amazon Book Clubs, start a new book club and invite your friends to join, or find a club that's right for you for free. Explore Amazon Book Clubs. Paperback. Enter your mobile number or email address below and we'll send you a link to download the free Kindle App. Then you can start reading Kindle books on your smartphone, tablet, or computer - no Kindle device required. Apple. This is a very good manual that gives one a kick start in amateur radio by addressing the many doors that are opened with a Ham license. This particular issue is becoming a little bit dated but it discusses the modes of operation that I am interested in, so it meets my needs. National Park List. US Trails. Amateur Radio Pedestrian Mobile. Handbook. Edward R. Breneiser, WA3WSJ. If this handbook adds one additional pedestrian mobile operator to our ranks, it has fulfilled its purpose. Without your help, this book wouldn't have been written or published so that all hams and future pedestrian mobile operators could enjoy it. 5. WA3WSJ/pm operating from Pulpit Rock on the Appalachian Trail near Hamburg, Pennsylvania. This is way I love to operate pedestrian mobile! The view is just awesome and the weather is perfect for a fun day out on the trail and playing radio. If you want to see beautiful places and meet new people, cut the power cord on your rig and operate pedestrian mobile. Try it - you'll love it!
