Reviews

Excellent e-book and useful one. It is written in straightforward phrases rather than confusing. I am just very happy to explain how here is the finest publication i have got read through in my very own lifestyle and might be the greatest book for possibly.

-- **Viva Schuster**

This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Prof. Salvador Lynch**

How can you start investing? Step-by-step beginner's guide. The beginner's guide to where to invest your money. What to look for when choosing an investment broker. 7 beginner's tips to get started with investing. What is investing? Investing is simply putting your money into an asset with the goal of the asset generating income, or appreciating in value. Just consider real estate, as an example. If you purchase a house with the intention of renting it out to tenants, this is an income-generating asset. The reason for doing this is simply to make your money work harder for you than it would if you just held it in cash. Why should you invest money? The topic of investing for beginners will typically begin with this question - why invest at all? See how E*TRADE can help you take control of your investments online. Watch this three-minute video to get a tour of our most popular features, and read the article below for details on how to get started. Big, expensive broker not required. Add to basket. It reads easily and covers all the basics. With online investing, the individual investor can have all the information available to the pro, and managing one's own financial future becomes a real possibility." - - Lester C. Thurow, Lemelson Professor of Management and Economics, MIT/Sloan. "This is it, the only book you will need, to figure out how to get control of your finances and beat the professionals at their own game. At best the only thing the book does is convince you to invest money in the stock market through E-trade. If you are going to trade online, the \$13 per trade commission E-Trade charges you is much higher than the \$7/trade rate offered by Scottrade, or the \$10/trade Ameritrade offers but you won't find that in the book.
