The irresistible heroine of Confessions of a Shopaholic and Shopaholic Ties the Knot is back! And this time Becky Bloomwood and her credit cards are headed across the Atlantic... Sophie Kinsella has dazzled readers with her irresistible Shopaholic novels--sensational international bestsellers that have garnered millions of devoted fans and catapulted her into the first rank of contemporary storytellers. Now her beloved heroine Becky Brandon (nee Bloomwood) returns in a hilarious tale of married life, toddlerhood, and the perils of trying to give a fabulous surprise party--on a budget! The Sisterhood is also a teaching narrative. Each of the women represents one of nine leadership traits (discipline, self-knowledge, financial stewardship, service, sacrifice, education, vision, innovation, and entrepreneurship). In the Sisterhood, how they address challenges to their survival illustrates what is possible with collective action and individual excellence. A believer in the power of Sisterhood, a believer in the power of smart and fierce Black women. This book stretches the mind to imagine the power in each of us to make LARGE scale change in the world. I didn't know where this book was going but I'm so glad that I took the journey. I loved the complexity and the simpleness of the ladies of the Sisterhood.
