Elizabeth I - the last Tudor monarch - was born at Greenwich on 7 September 1533, the daughter of Henry VIII and his second wife, Anne Boleyn. Her early life was full of uncertainties, and her chances of succeeding to the throne seemed very slight once her half-brother Edward was born in 1537. She was then third in line behind her Roman Catholic half-sister, Princess Mary. Roman Catholics, indeed, always considered her illegitimate and she only narrowly escaped execution in the wake of a failed rebellion against Queen Mary in 1554. Elizabeth succeeded to the throne on her half-sister's death. The Tudors monarchy reigned from 1485 until 1603. There were 5 crowned monarchs; each held significant power and executed many. There were five crowned Tudor monarchs; Lady Jane Grey reigned as Queen for only nine days. The Tudor kings and queens were very powerful and they are noted for the numbers of people executed during the period. Henry VII came to the throne after defeating Richard III at the Battle of Bosworth Field in 1485. He was a serious man and faced many challenges to his place on the throne, the most notable being from Lambert Simnel and Perkin Warbeck. He married Elizabeth of York, daughter of Edward IV uniting the houses of Lancaster and York and ending the Wars of the Roses. This second volume of the collected academic papers of Roy Strong, the distinguished scholar and art historian of the Tudor and early Stuart eras, covers the Elizabethan period. Included here are over twenty articles he has written over thirty-five years on subjects which he has pioneered, the serious study of pageantry, painting, miniatures, gardening and iconography. This second volume of the collected academic papers of Roy Strong, the distinguished scholar and art historian of the Tudor and early Stuart eras, covers the Elizabethan period. Elizabeth I was queen of England from 1558 until she died in 1603. Her reign was called the Elizabethan Age, a very exciting and glorious period in English history, in which England became an important world power. Her father was Henry VIII and her mother Anne Boleyn, the second of the king's six wives. When Elizabeth was 3 years old her mother was beheaded because she was accused of having a relationship with someone else. Elizabeth had an elder half sister Mary, and a younger half brother Edward. King Henry VIII broke with the Roman Catholic Church because the pope would not let him divorce his first wife. Henry then founded the Church of England and made his country protestant.
