Otto Heinrich von Gemmingen-Hornberg was born at the Free imperial city Heilbronn, where his parents were based for a period. His father, also called Otto Heinrich von Gemmingen (1727–1790), worked as a judge at the imperial district court in Wetzlar, and it was here that he spent the first ten years of his life, receiving his schooling from his father, probably with backup from a tutor.[1] During these teenage years he also had a brief but intense love affair with Lotte, the daughter of a Heilbronn businessman. His artistic mentor, Charlotte Sophie von Wacks, attempted to end the affair which she believed might obstruct Heinrich's subsequent education. She warned Lotte's mother what was happening. When that failed to have any effect she arranged a meeting between the two fathers. Otto Heilbrunn, author of Communist Guerilla Warfare, on LibraryThing.
