

## CAMPUS FIRE DEPARTMENT

The Caltech campus is now equipped with a fire station which was originally established as a civilian defense measure, but which is now to become a permanent feature of the grounds. The fire house, which was recently constructed, houses two fire trucks and an inhalator apparatus. One of the trucks, donated by the Pasadena Fire Department, pumps 750 gallons of water per minute; the other truck, which is the property of the Office of Civilian Defense, pumps 500 gallons of water per minute.

The fire crew, under the leadership of Ray Kingan, has been designated by the Chief of the Pasadena Fire Department as one of the most efficient in the city. There are 60 V-12 men and 16 graduate students in the crew and they hold weekly fire drills. Each man is assigned definite duties, and many of them have received extensive training in fire fighting and inhalator operation from the City Fire Department. Each man is equipped with a gas mask.

There are occasional city-wide drills in which the campus fire department is called upon to go to various parts of the city. There has been no occasion as yet for the crew to put out a fire on the campus, but in that event it should be brought under immediate control with the excellent equipment and an efficient crew available.

## Engineers for the American Service Forces

(Continued from Page 8)

ter, Private Johnson and brother soldiers from many walks of life and every section of the nation are metamorphosed from civilian individualists to engineer soldiers, members of a military team. If all goes well, each should emerge from his tour of military duty a better man physically and professionally, strengthened by outdoor life and exercise, fortified by new construction experience and the ability to work smoothly as a member of a unit. Many will be better equipped for the pursuit of peacetime occupations after the war than before.

The Corps of Engineers and the Army Service Forces have benefited too, by enlisting the strength, knowledge, and support of a technical American, who can say, with pride, "We engineers were in it up to our ears," as evidenced by favorable reports from former E.U.T.C. units now well distributed throughout the world.

## YEARBOOK ANNOUNCEMENT

Due to wartime conditions the *Big T* will not be published this year. However, a 48-page booklet will be printed which should be of interest to all alumni. It will feature pictures of the V-12 activities on the campus, the usual student body pictures, and the graduation ceremony. Anyone interested in obtaining a copy of this yearbook may do so by sending one dollar to the Yearbook Editor in care of the Institute.

## ALUMNI SEMINAR

The date of the 1944 Seminar is Sunday, April 16. Due to travel difficulties the Seminar Board decided to hold the event for one day only with a program similar to the 1943 Seminar.

Four interesting lectures are being planned. Since the lecture rooms can accommodate only 200 persons, visitors may not be invited this year. Lunch will be served at the Athenaeum. Save the date, and plan to be there.

## CALTECH MEN IN SERVICE

The following list is known to be incomplete and inaccurate. Please send corrections immediately to the Alumni Office, 1201 East California Street, Pasadena 4.

Name	Class	Rank	Service	Location
Ackerman, J. B.	'38	Major	U.S.A.	Washington, D. C.

Campus Fire Departments provide fire protection and emergency response services to the Campus, IL community with a mission to prevent the loss of life and property. In addition to responding to calls for fire suppression, Campus Fire Departments respond to medical emergencies, incidents involving hazardous materials, rescue calls, and motor vehicle or other accidents. You may contact the Fire Department for questions about: Campus fire stations. 9-1-1 emergencies and first response. The Congressional Fire Services Institute (CFSI) and the International Fire Service Training Association at Fire Protection Publications, Oklahoma State University (IFSTA/FPP/OSU) are pleased to announce that Mr. Ed Comeau is the recipient of the 2020 Dr. Anne W. Phillips Award for Leadership in Fire. Campus Firewatch shared a post. 11 February at 06:03 AM. Vision 20/20. The Emington-Campus Fire Protection District was formed in 1982 when the two villages combined their fire departments. All pump/tank measurements are in US gallons. Unit 2211 - 1996 E-One Cyclone Hush pumper (1250/750) (Ex-Addison Fire District (Illinois)). Unit 2217 - ? Mack wet-side tanker. Built 1962. Unit 1911 - Mack pumper. Unit 1917 - Mack elliptical tanker. Engine 3 - ? Ford front-mount pumper. Loading map Categories: Livingston County, Illinois. Illinois departments operating E-One apparatus.
