Winnie-the-Pooh's Birthday Book by A. A. Milne

The story book called Winnie the Pooh was then released in 1926 which afterwards followed more books focused on the adventures of Pooh and its friends. Milne wanted to pursue his writing career in other areas too and began writing stories and other novels which remained popular across Britain. His autobiography It's Too Late Now was published in 1939. Winnie the Pooh facts: Illustrator E. H. Shepard's sketches of Pooh were based on his son's stuffed bear, a Canadian female black bear. The original toys can be seen at the New York Public Library. The books have been translated into...
