

Anatomy of the Arteries of the Human Body: Descriptive and Surgical, with the Descriptive Anatomy of the Heart // 1860 // Fannin, 1860 // John Hatch Power

Gray's Anatomy is an English written textbook of human anatomy originally written by Henry Gray and illustrated by Henry Vandyke Carter. Earlier editions were called Anatomy: Descriptive and Surgical, Anatomy of the Human Body and Gray's Anatomy: Descriptive and Applied, but the book's name is commonly shortened to, and later editions are titled, Gray's Anatomy. The book is widely regarded as an extremely influential work on the subject, and continued to be revised and republished from its initial Buy Anatomy of the Arteries of the Human Body, Descriptive and Surgical: With the Descriptive Anatomy of the Heart by John Hatch Power online on Amazon.ae at best prices.
