## Sams, 1981 - 1981

The TV set shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the TV. Situations: • Use when your hands are wet, with the cabinet removed, or with attachments not recommended by the manufacturer. • If the following problems occur Turn off the TV set and unplug the mains lead immediately if any of the following problems occur. Ask your dealer or Sony service centre to have it checked by qualified service personnel. When: • Mains lead is damaged. • Poor fitting of mains socket. • TV set is damaged by being dropped, hit or having something. I learned basic electronics from an earlier edition of this book in an Explorer Scout class back in the late sixties, at 14 years old. It was a great textbook then, so I ordered two copies of this updated edition - one for a student I'm teaching, and one for my personal use. It was good to see that it was still available. • If you want to learn electronics, this book is a must have. Grob is an author that actually conveys understanding of the subject matter, not just number crunching. What good is number crunching if you do not understand the big picture?
