Perhaps she should have written Ten Wise Things Women Do to Improve Their Lives...but that would not have sold as many books, eh. If I ever see her...I'll throw this book back to her. I'm embarrassed to even admit I read this TRASH. I picked up this book while vacationing in a beach condo in Florida. I needed to relax and let my brain pig out, so I flipped through "Ten Stupid Things" just so I could laugh at how wrong and opinionated this author was. But a funny thing happened: I couldn't really peg down Bless me, Father, for I have sinned: I've given a "Doctor Laura" book four stars while putting certain works by Asimov, Lewis, Card, and even Ellison in the "two star" category. She urges women emphatically to lose a domineering jerk of a lover and pick one of the good guys, to stay home and parent the babies they've made, and to follow the dream rather than some dreamboat. Above all, she exhorts women not to blame anybody or anything but themselves if they're unhappy and their lives seem a mess. 10 Stupid Things Women Do to Mess Up Their Lives uses real-world examples from Schlessinger's radio show and private practice to drive the message home. And the message is that our reticence to be bold and brave often makes us act like stupid, submissive victims. Once we muster Ten Stupid Things Women D has been added to your Cart. Above all, she exhorts women not to blame anybody or anything but themselves if they're unhappy and their lives seem a mess. 10 Stupid Things Women Do to Mess Up Their Lives uses real-world examples from Schlessinger's radio show and private practice to drive the message home. And the message is that our reticence to be bold and brave often makes us act like stupid, submissive victims. Once we muster the courage to take responsibility for our own problems and to tolerate the discomforts of risk, the possibilities for personal growth and joy are limitless. If you're looking for a For each of the ten stupid things that women do, Dr. Laura recommends positive things that they can be replaced with. The issues that Dr. Laura covers in this book are stupid attachment, stupid courtship, stupid devotion, stupid passion, stupid cohabitation, stupid expectations, stupid child conception, stupid subjugation, stupid helplessness, and stupid forgiving. The solutions she outlines for women are to leave their bad situations. Her advice is blunt and unmistakable, though many women have a hard time accepting her answers. Overall, she encourages her callers to build back their confidence and self-esteem and, most importantly, decide what it is that they want from their lives, not what they think others want of them.
