## From the Back Cover

A thoughtful and articulate spokesman for conservative ideas, Daniel Hannan, a conservative British MEP, is better versed in America’s traditions and founding

documents than are many Americans. In *The New Road to Serfdom*, Hannan argues forcefully and passionately that Americans must not allow Barack Obama to take us down the road to European Union-style social democracy. He pleads with Americans not to abandon the founding principles that have made our country a beacon of liberty for the rest of the world. In this updated edition, Hannan explores Barack Obama's attitude toward Britain and offers an insightful analysis of what it reveals about Obama's perception of our country, our Constitution, and our exceptionalism.
